What is this type of insurance?

Sports Cover is a fixed-term sports insurance. OP Insurance has agreed on the insurance details with each sports federation, meaning that the policies may differ in some details, depending on the level of risk of each sport. Sports Cover compensates if the insured person becomes injured or disabled or dies as a result of a sudden event.

What is insured?

- ✓ **Medical expenses indemnity** – We compensate expenses resulting from a bodily injury caused by a sudden event when engaged in the insured sport. Coverage is provided for
 - fees for examinations and treatment carried out by physicians or healthcare professionals
 - costs for medicinal products and wound dressings sold in pharmacies
 - daily hospital charges
 - costs of dental injury examinations and treatments
 - costs for orthopaedic braces or bandages for the treatment of a coverable injury
 - Costs for physiotherapy to recover from a fracture, surgery or plaster treatment. Physiotherapy is also covered in knee and shoulder injuries in which physiotherapy is applied instead of surgery. However, physiotherapy is only covered for up to 10 sessions per sudden event.
 - rental costs of forearm or underarm crutches
 - reasonable travel expenses to the nearest treatment location.

The maximum compensation is the highest amount of compensation for each loss, and this depends on your sports federation.

- ✓ **Handicap benefit** – We compensate sudden events to the insured person on the basis of handicap classification referred to in the Occupational Accidents, Injuries and Diseases Act when the permanent handicap has continued for at least three months. Any handicap must nevertheless be determined no later than three years after the sudden event. The assessment only takes into account the medical nature of the handicap, not the person's profession or hobbies, for example. The maximum compensation is EUR 30,000.
- ✓ **Death benefit** – The beneficiary is entitled to a death benefit of EUR 8,500 if the insured person dies within three years as a result of a bodily injury caused by a sudden event.

Medical expenses indemnity

- ✗ The insurance does not cover examination or treatment expenses which have not been prescribed by a doctor. The coverable treatment must also be carried out by a health care professional in accordance with generally accepted medical practice, and be necessary for the treatment of the coverable bodily injury.
- ✗ Treatment and examination expenses will not be compensated if the insured is entitled to compensation under the Health Insurance Act or some other legislation.
